### ABOUT ME

Motion Designer with a strong understanding of the complete video production process, from ideation and storytelling to design and final execution. I create engaging motion graphics by blending animation, typography, and sound, with a focus on clarity and impact.

I've collaborated with leading enterprise technology brands across Cloud, SaaS, AI, Fintech, and Digital Transformation, including **Cloud4C (a Capgemini company)**, **Ginesys**, **Zinios Edge**, **Exdion**, **Optimus Fintech**, and **Century Software** - delivering high-quality visual content aligned with business and marketing goals.

### WORKING EXPERIENCE

-  **Blufig, Bangalore (Onsite)**

Motion Graphic Designer

**Key responsibilities:**

  - Attend daily client meetings to understand requirements, share updates, and maintain project records and tracking sheets.
  - Create SaaS explainer videos, 2D motion graphics ads, UI animations, website animations, GIFs, and social media/ LinkedIn campaigns.
  - Learn and apply new design techniques while sharing ideas and guiding the team to improve overall creative output.

Dec 2025 - Present
-  **Infinite Thinking Solutions, Mumbai (Remote)**

Senior Motion Designer

**Key responsibilities:**

  - Collaborated with account managers and clients to understand requirements and deliver explainer videos, motion graphic ads, and social media creatives.
  - Guided designers, attended client meetings, and managed project data and tracking sheets for smooth workflow.

April 2025 - Nov 2025
-  **Infinite Thinking Solutions, Mumbai (Remote)**
